Bounce N Play's, Jump into Learning Infant & Toddler program offers enjoyable, educational classes for young children. Our modern, clean (sanitized daily!), facility is perfectly suited to the active way young children learn. We incorporate open play with structured classes in a fun and unique way.

Our infant and toddler programs include "Mommy & Me" (or Daddy, Grandparent, etc), Partial Separation, and Stay, Learn & Play. During our classes we learn basic skills such as: ABC's, shapes, colors, numbers, art and music appreciation, weather, basic math and science concepts, and much more! We also do a themed project, focusing on age appropriate, sensory and developmental skills.

Each of our classes includes a day of OPEN PLAY, utilizing the entire 10,000 square foot Family Fun Center\*, where you and your child "Bounce N Play" to better coordination, strength, balance and motor skills, and enjoy being creative in our imagination room.

Children learn through play... so let's get together, have fun, and Jump into Learning today!

**Spring 2010 12 week session from April 5<sup>th</sup>-June 25<sup>th</sup>**

### **"Mommy & Me"-infant-4years**

"Mommy & Me" (or Daddy, Grandparent, Babysitter, etc) is a great way for your little one to enjoy some quality time with you while learning social skills, enhancing their cognitive development, boosting self-confidence, and gaining independence. Your children will get the opportunity to interact with other children in their age group, while having fun learning the importance of cooperation, following directions, and taking turns; all with you by their side. The class focuses on music and imaginative play, basic letter and number skills, and art and science appreciation. Snack and craft are included. All classes include an afternoon of OPEN PLAY, utilizing the family fun center\*. 12 week session \$328 (deposit and first month due at registration)

### **Partial Separation/Socialization class -over 30 months**

This program is run similar to the "Mommy & Me", except, your child separates from you for the class. You can relax, and enjoy TV, WiFi access and conversation with other parents, all while observing their child's progress. We all Open Play in the Family Fun center while your child gets acclimated and comfortable in the surroundings; then, when both you and your child is ready, you leave the area while we hold class. Partial Separation class builds self confidence and independence without tears or fear. A great way for you and your child to prepare for the transition into our Stay, Learn and Play classes, formal pre-school or daycare. For the children's benefit, enrollment is kept small so, space is limited!.

### **Pre School Prep (total separation/pre-school prep.)-2's-4's**

This class is perfect for children ready to branch out from Mom and Dad and have some fun on their own. Classes utilize a similar routine as 'Mommy & Me' classes, with more emphasis on name and color recognition,

shapes, ABC's and numbers, science, and reading. Your child will enjoy all of our fun activities, including arts and crafts, circle time and music. We will also get great, safe, year-round exercise, utilizing our inflatables. Classes will be 2 hours.

\*On some occasions there will be limited or no Open Play on the day of class, we will try to give as much advanced notice of this as possible & you will receive one free open play pass for another day.
